

Course Name:
Youth Emergency Medical Responder

Course Description:

This is an ECSI course which is offered at various times throughout the year for teenagers of at least 14 years of age who are interested in EMS. After completing the course, you can provide proper emergency care to this in need. The course trains the student in advanced first aid skills include oxygen delivery, CPR and AED. For more information please contact Cetrionia's Education Department at caceducation@cetrionia.org
